

Chronic Clinic Tasks

A new referral option has been added to the following forms: electronic progress note, narrative progress note, history document, extended medical history document, physical document, intake screening, and the chronic clinic form (at the end of the workflow) from the Nurses' Task List.

Refer to Mental Health

Psychiatrist

Chronic Clinic

QMHP

Due Date: 9/21/2016

Much like the referral option works for mental health or QMHP, you will select 'Refer to Chronic Clinic' by clicking the corresponding box and selecting the due date.

This will generate a task reminder for the date chosen on an additional task list located beneath the already present Nurses' Task List.

******Please note**** It is possible to create chronic clinic tasks for the same person using multiple forms. Be sure you check the chronic clinic task list before referring, in case someone already has scheduled it. In the event of duplicate tasks, you may simply click "Complete task" and keep the one that is needed.**

You will also see the field labeled 'Chronic Clinic Date' updated on the patient's chart under 'Inmate Information.'

56789123456 - CARRIE EXAMPLE

[Inmate Information](#) | [Problem List](#) | [Progress Notes](#) | [Medication Administration](#) |

[+ Edit Inmate Record](#)

Inmate ID:	56789123456
First Name:	CARRIE
Last Name:	EXAMPLE
Gender:	Female
Date of Birth:	10/11/1973
Age:	42
Location:	A
Cell:	
Date of Confinement:	9/19/2013
Status:	Active
Medication Allergies:	Test 3
General Allergies:	
Chronic Clinic Date:	9/21/2016

When the chronic clinic due date approaches, the nurse may go directly to the chronic clinic tab of the patient's chart by clicking 'View Document.'

Once the form is created and sent to the Practitioner, the task will be complete.

After the doctor has seen the patient through his or her task list, the note will then be sent to the Nurse's Task List to take off orders or enter medication orders as usual.

Nurses Tasks

<input type="checkbox"/>	ID	Title	Due Date	Document Link	Created	
<input type="checkbox"/>	10968	A New Mental Health Document for CARRIE EXAMPLE <small>NEW</small>	9/20/2016	View Document	9/20/2016 11:14 AM	Complete Task
<input type="checkbox"/>	10970	A New Mental Health Document for CARRIE EXAMPLE <small>NEW</small>	9/20/2016	View Document	9/20/2016 11:14 AM	Complete Task
<input type="checkbox"/>	10973	A Chronic Clinic Document for CARRIE EXAMPLE <small>NEW</small>	9/20/2016	View Document	9/20/2016 11:17 AM	

You will now notice an additional area to Schedule Chronic Clinic with the due date. This will allow the nurse to reschedule the next follow up for this type of visit. Again, this will be populated on the new Chronic Clinic Task List.
